Bollywood Pop

Hindi

Abhijeet Bhattacharya a.k.a Abhijeet has been one of the most successful vocalists in the industry over the past two decades with hits in Bollywood and non-film music. He has been titled as the voice of ShahRukh and lately he has become a household name as a Judge on music based reality shows. Abhijeet has had moments of silence in his music career with new talent coming in and taking his place in the industry but whenever he manages to resurface he does it with a bang, be it in Bollywood or Non-Film.

For Abhijeet, ArtistAloud.com is not an option, it's a choice. Having released all his previous albums through the physical format (CDs & Cassettes), Abhijeet was ready to release his new album. However, the opportunity of being able to be part of a musical revolution in the digital space which is already in its overdrive was tempting enough for a veteran artist like Abhijeet to take an unconventional route to release his unreleased music.

In Abhijeet's own words, **"I believe that if songs sung by me for Bollywood Films can become big hits digitally, why should I not give it a try with music that I would own the rights to and have the creative freedom to create."**

Abhijeet's music is not different. It is **his** typical romantic **sure shot hits** but what is different is the medium through which his fans will be able to consume it.

Abhijeet Bhattacharya has been hand picked by ArtistAloud.com to join a group of passionate individuals showcasing music that is close to their heart.
