

## Manasi Scott

Alternative Pop

Hindi

A singer, songwriter, composer, professional MC and now also an actress working on her debut film, **Manasi Scott** is the only singer in the Indian Music scene who has built a name for herself by performing live, way before she even released an album.

Manasi is a master of many genres and languages and her performances include Hindi, Punjabi, English and regional hits in pop, rock, folk, R&B, Hip-Hop etc.

She comes on board ArtistAloud.com with a very contemporary sound and creates a blend of Indian and Western musical styles that seems very natural.

In Manasi's words, **"There is no place for the musician to really get out there and be heard. Everything is net dependent today and digitally bought on your mobile phone, laptops and iPods. With ArtistAloud.com, we have a platform that can combine what an artist wants to get out there, sell music the right way, or sell it the way that the audience wants to buy it."**

Manasi Scott has been hand picked by ArtistAloud.com to join a group of passionate individuals showcasing music that is close to their heart.
